

Kaltura Media

Kaltura is a Blackboard plugin, allowing users to upload existing video content such as recorded Zoom sessions, to Blackboard using the Kaltura interface. Kaltura can be used to record short screen-capture videos and voice-annotated PowerPoint slides. In addition, Students can use Kaltura video to record and post responses to discussion boards or add media to blogs, wikis and journals.

Kaltura media may be added to course content using the Build Content>Mashup option or through the Blackboard content editor. Kaltura can also be accessed through the My Media module on the Blackboard landing page.
